

Clothes (A1)

Teacher's notes

Clothes Bingo.

Instructions:

Cut out the individual word cards and the bingo cards (there are 8 different ones) in the following pages.

Give each student one of the bingo cards and tell them that you are going to name clothing items.

Shuffle the word cards.

Randomly pick and call out word cards one at a time.

Students cross out items pictured on their bingo cards.

After crossing out all items on their card, a student calls 'bingo'.

When a student calls 'bingo', ask them to name the items they have crossed out and their colour. Check if they match those that have already been called out.

If the student has crossed out the items correctly, he or she wins the round. Otherwise, the game continues.

In larger classes, students may play among themselves in groups, with one student as the bingo caller.
