#### Task 9

In pairs, students use the worksheet in the next page to play a game similar to 'Guess who?'. Student A secretly chooses one of the characters and student B has to ask questions following the descriptions on the page to guess the character their partner has picked. Then, they switch roles.

Students start by asking what the person is doing. For example, 'Is she working?'. Once the student knows what the person is doing, they ask about what they are wearing.

Example questions and answers are given on the next page.
