Task 5. Listening script.

Students listen to the texts and answer the questions. If necessary, each text can be read separately, allowing students to answer the relevant questions before moving on to the next text (breakfast: questions 1-3, lunch: questions 4-6, dinner: questions 7-9).

Breakfast:

I usually have a small breakfast. I usually eat a banana or cereal with milk and drink coffee. Sometimes, I eat a sandwich or a fruit salad, but I never cook eggs in the morning. I never eat meat for breakfast, either.

Lunch:

For lunch, I usually go to a café. My favourite café makes delicious soups, so I usually have a soup. Sometimes, I have a salad for lunch, but I never have burgers or pizza. I also like to have fruit for lunch, so I usually have an orange or an apple. After lunch, I usually drink coffee or tea, but sometimes, I have a fizzy drink.

Dinner:

I usually have dinner at home because I like cooking. I usually have a large dinner like a burger with a salad or fries. Sometimes, I like to cook beef stew with lots of vegetables. If I don't cook at home, then I have pizza or fish and chips. For dessert, I sometimes have cake or biscuits. Sometimes I drink juice or milk, but I never have coffee for dinner.
