Task 4.

I work at a small **company**. I do not have many **colleagues**. It is okay for me because I like working in a small **team**. I like my colleagues and they like me. I like my **manager** too. Her name is Liah. Five years ago, Liah was an **employee**. If I work at this company for a long time, maybe I will be a **manager** too.

I work at a small **company** like Aisha. My **employer** started her company three years ago. There are fifteen people in our **team**. My **manager's** name is Julia. She tells me that I am a **good employee**.

Task 8.

Hi, I'm Clara. I am an **employee** at a big hospital. I work **full-time**. My **schedule** is not always the same. When my **colleagues** and I have a lot of work, my schedule is very busy. I work from Monday to Saturday, and I have a **day off** on Sunday. Sometimes, my manager gives me only four **shifts**. Then, I have three **days off**. I like my job and I am happy that every week is different.

Hello, I'm Marcel. I am a **manager** at a plumbing **company**. The company is very big. I have many **colleagues**. I don't know my **employer** personally. I have a **team** of twenty plumbers. I usually have five **shifts** per week. Sometimes, I work more if my team needs some help. My shifts start at 7am and finish at 4pm.
